INTRODUCTION

The Statistical Review of the Ryman Football League has reached a milestone of twenty years which has also coincided with the final year of sponsorship from Rymans. This annual publication is a comprehensive record of the 2016/17 season. The Ryman Football League plays an essential role in Steps 3 and 4 of the football pyramid. The complete playing record of the seventy two member clubs including results, goalscorers and attendances from league and major cup competitions. Details of every player's league appearances, goals and normal playing position are also featured including an alphabetical index of 2463 players who played their part in the Ryman League from Ahmet Abbulla appearing for Metropolitan Police to Ryan Zidyana who featured for Godalming Town.
