Both clubs are members of Division Two South and are to be congratulated on winning their way through to this evening's match, it is indeed a fine achievement. I extend my best wishes and those of the League to the Officials, Players and supporters of both clubs.

I am also pleased to welcome our many guests here this evening in particular Mr. Steve Morran, Consumer Marketing Manager of LOCTITE (U.K.), sponsors of the competition along with other Officials from the Company, and representatives from the County F.A.'s and other Leagues.

I would like to take this opportunity of thanking the Directors and Management of Chesham United Football Club for their much appreciated help in staging this match, and Chairman Tony Aplin in particular.

I would also like to thank Len Llewellyn for his assistance in preparing today's Official Programme.

The match will I know be very keenly contested, and for the whole of the season the two clubs competing have been keenly contesting the struggle for promotion which sees Abingdon Town now promoted for season 1991/2. May you all witness a game played in the right manner with the highest level of sportsmanship and which will be a credit both to our League and our level of football.

Thankyou all for your support - enjoy the game.

Alan C. F. Turvey  
Chairman and Managing Director.

## ABINGDON TOWN FOOTBALL CLUB

"Town" were formed in 1870 and are one of the oldest clubs in the Country. They are also the second oldest club in the Berks. & Bucks. F.A. In the early years only friendlies were played, but before the turn of the century the Oxford and District League was entered.

At this time leagues were changes quickly and within ten years of the turn of the century the Berks. & Bucks. League, West berks. League and the Reading Temperance had all been entered. In 1899 the club amalgamated with local side St. Michaels and at this stage the 'Town' was dropped from the title of the club and not used again until 1920.

In 1909 the club left the Reading Temperance League for the newly formed North Berks. League, in the late twenties the club switched to the Reading & District League. In the 1930's the club purchased the Culham Road ground for £300 from Mrs. G. Herbert Morrel of the Oxford brewing family.

The first stand was erected on the ground in 1928 but this burned down after an Easter Monday fixture shortly after the Second World War, the replacement was erected in 1949.

In 1950 the club changed leagues again - this time joining the Spartan League but after three seasons the club left to join the newly formed Hellenic League

In 1959 the Berks. & Bucks. Senior Cup was won. The Hellenic League Premier Division was also won three times between 1957 and 1960, with the League Cup being won on the year that the club missed out in the League.

The next few years were probably the leanest spell of modern times. In 1965/66 the club was relegated to the First Division of the Hellenic League, but promotion back was won at the first attempt. In both 1970/1 and 1971/2 Town finished as runners-up in the Premier Division. The club was relegated for a second time in 1974/75 but promotion was gained at the first attempt.

The 1980's has seen the club become one of the strongest in the Oxfordshire / Berks. & Bucks. area with clubs from higher leagues regularly being beaten in cup competitions. The Hellenic League was won in 1986/7, the League and cup "double" only being narrowly missed when the club lost in the final to Hounslow. In 1987/88 the club finished up as runners-up to Yate Town.

Season 1988/89 was the most successful in the club's history. At the start of the season the club had switched to the Isthmian side of the 'Pyramid' of football and entered the Greene King Spartan League - which was duly won at the first attempt. Town also finished as runners-up in the berks. & Bucks. Senior Cup only losing to Windsor & Eton in extra time. The average home league gate for the season was 200 !

The ground was improved to the "C" standard set by the Vauxhall League and admission to Division Two South was gained for season 1989/90. That first season in the higher sphere saw the club finish a creditable third and they also reached the final qualifying round of the F.A. Cup for only the second time in their history. The F.A. Challenge Vase was also a relatively "happy hunting ground" and the fifth round was reached for the third time in their history.

1990/1 has again been a very successful time for the Abingdon Town club for not only do they appear in this evening's Final, but also they have gained promotion in this, only their second season in Division two South and may yet this Saturday be the seasons Champions. During the time in the League work has carried on at Culham Road and at the end of January a "B" grading was obtained for the ground to ensure that the hard work on the pitch will be seen in the fruition of a Division One place next season.

### ISTHMIAN LEAGUE ANNOUNCES NEW SPONSOR

From next season the Isthmian competition will be known as the Diadora Football League, following the announcement of a £400,000 sponsorship from the Italian sports shoe and clothing company.

The agreement includes championship and goalscoring awards as well as rewards for clubs who are most successful in the F.A. Cup, F.A. Trophy and F.A. Vase. Teams will also qualify for merchandising materials and discounts on the company's products.

The announcement was made at London's Hilton Hotel by the Chairman of Diaco - the company's UK distributors - Sebastian Coe. It officially comes into effect on June 1st. and lasts for an initial two years, with an option to renew for a third. It will be the largest at its level in non-League football.

League Chairman and Managing Director Alan Turvey says: "Securing such a prestigious sponsorship in a difficult economic climate is extremely pleasing. We are confident that we will play a significant part in promoting the name of Diadora and their products in the UK."

Seb Coe told the news conference: "Diadora is a company that believes wholeheartedly in the encouragement of sport at all levels. We know that non-League football provides the spring board for many of our up and coming young soccer stars."

Among those at the launch was Iain Dowie. The former Hendon player who was sold to Luton, and recently transferred to West Ham where he has helped the team win promotion to Division One of the Barclays League.

The details of the sponsorship package were presented to the member clubs at a special meeting last week. they received favourable comment, and work is now being put in hand to provide the clubs with materials in time for the start of next season.

A new sponsor is now being sort for the Isthmian League Cup (currently known as the AC Delco Cup) and the Managers of the Month award - which have been sponsored by HUnting Gate Homes.

The three LOCTITE competitions which have been introduced this season of which tonight's is one, remain in place for next season.

Chairman and Managing Director added: "I think our new sponsors' foresight in supporting community football in such a positive manner should be applauded. Now our clubs can continue to enjoy the best rewards available for football at our level."

## THE ISTHMIANS AND CUPS

In the total history of the Isthmian League which is currently known as the Vauxhall Football League, league cup competitions are but a recent addition to the competition which is rapidly approaching its 90th. birthday.

Formed as long ago as 1905, it was not until 1974/5 season that a cup competition was instituted and then only as a subsidiary competition to make up the number of fixtures for the clubs in the then Second (now First) Division.

Since that time the League has embraced such competitions wholeheartedly and the introduction of the three LOCTITE competitions this season means that every aspect of the Vauxhall League is now covered.

Tonight's competition is played for between the Associate Members of the League, that is, the clubs in Division Two North and South. Next week Chesham United will take on either Bishop's Stortford or Redbridge Forest in the LOCTITE CUP, the competition for Full Member clubs who all compete in the Premier Division and Division One.

The third LOCTITE competition was the Youth Cup, which was settled last week at Carshalton Athletic where Epsom and Ewell defeated Bromley 4-0.

## RUISLIP MANOR FOOTBALL CLUB

The club was founded in 1938 and spent their first season playing in the Uxbridge League finishing in joint first position. They were also finalists in their League Cup competition and won the Harrow Charity Cup.

The club was a founder member of the Middlesex League in 1939, a competition which continued throughout the War and after it, changing its name to the Parthenon League in 1951 when several clubs from outside Middlesex joined. The club remained as members until only 1946 when they left to join the London League, playing in Division One.

Another move occurred in 1947, but this time it was not of League, but of Headquarters when the club moved from Sidmouth Drive to their present Grosvenor Vale ground. The 1947/8 season saw Manor finish as runners-up to Cheshunt in the London League Division One despite leading the table for most of the season. No automatic promotion and relegation existed between the London League Divisions. Only Senior clubs were allowed to play in the Premier Division, a status not awarded to the club until 1950.

Ruislip Manor were London League Premier Division runners-up in 1951/2 behind West Thurrock. The following season Manor finished third in the table. In 1954 the club were losing finalists in the League Cup. No more honours were won in this league and in 1958 they took up the chance to transfer to the stronger Spartan League. They stayed in that competition until 1965, finishing third in 1961/2 and 1962/3. Despite finishing near the bottom of the table in 1965, Manor were accepted into the Second Division of the Athenian League, replacing Histon. The move up was not successful, finishing bottom of the Division, losing 22 of their 30 matches and conceding 104 goals in the process. After coming 14th., 9th. and 12th. in the following seasons, they came bottom again in 1970. However, three seasons later in complete contrast the club managed to avoid defeat in all but two league games and won the Second Division championship ahead of Hampton.

Due to the formation of a new Isthmian League Second Division in 1973, there were only two Athenian League Divisions for 1973/4, Manor competing in the top one. They finished that season in third place behind Boreham Wood and Cheshunt. The 1976/77 season saw them come bottom of the division but with the introduction of another Isthmian Division the Athenian League was reduced to just one division.

Ruislip Manor stayed in the Athenian League until it was disbanded in 1984 when they joined Division Two (South) of the Isthmian League. In 1985 the club finished next to bottom in the League. But in recent seasons Manor have been challenging for league honours. The last four seasons has seen the club finish in a position in the top nine with their best placing achieved last term when finishing fourth behind Yeading, Molesey and their opponents today, Abingdon Town. Their highest points tally of 76 was achieved in 1987 when finishing fifth in the table.

The 1990/1 season has seen the club reach the fourth qualifying round of the F.A. Cup for the first time, beating Hendon and Wealdstone on the way before bowing out 5-2 at Halesowen Town.

As well as reaching the Loctite Trophy Final the club has also reached the Final of the Middlesex Charity Cup.
