DYLON ISTHMIAN CHARITY SHIELD

Harrow Borough v Sutton United

Saturday 18th August 1984

Kick Off 3.0 p.m.

Good afternoon and welcome to Earlsmead for the first competitive game of the new season. Today we extend a warm welcome to the players, supporters and officials of Sutton United, also to the Isthmian League officials, representatives of Dylon International Limited, present today, the match officials and everyone else who has come to see what we hope will prove to be as good a match as it promises.

Today we make our first appearance in the Dylon Charity Shield although our visitors Sutton United are no strangers to the competition, having finished as runners up the past two seasons.

The games between Boro and Sutton have over the past few years produced some outstanding games. The results have gone Boro's way with six wins and a draw over the past seven meetings of the clubs. Despite some high scoring games probably the most outstanding game was the goalless draw here at Earlsmead last season. The game produced some fine football and two outstanding goalkeeping displays by Andy Pape and Sutton's Dave Collyer.

With the new season just a week away we all look forward to another exciting season with Boro on the championship pedestal ready to be knocked from all directions. Good news regarding cup competitions is that Boro are exempt until the First Round Proper of the F.A. Trophy and also exempt until the Fourth Qualifying Round of the F.A Cup. This gives a tremendous incentive to progress in these national competitions having tasted success in the past couple of seasons.

On Tuesday Boro entertain Queens Park Rangers in an attractive friendly fixture before we open the league season with a home fixture against last seasons Division One champions Windsor and Eton. A full seasons fixture list is now available.

Off the field an attractive event taking place at Boro is a Darts Exhibition by the world ranked number 2, 'Jacky Wilson', on Friday 14th September. Full details of this darts spectacular are available in the club foyer.

## Sutton United

Sutton United began life in March 1898 with the merger of Sutton Association and Sutton Guild Rovers, their colours of amber and chocolate were inherited from Sutton Association. Beginning in the Herald League and Surrey Junior League, senior status was achieved in 1910 when Sutton joined the Sutton Suburban League, moving to their present ground in Gander Green Lane soon after the war. A 41 year membership of the Athenian League commenced in 1921 and Sutton achieved their first title in 1928, reaching the Amateur Cup Semi-Final the next season.

During the periods either side of the last war, Sutton were one of the strongest amateur sides with another appearance in the Amateur Cup Semi-Final in 1937 and a place in 1946 in the F.A. Cup First Round Proper. In these years several players won Amateur International honours and others later to make an impact on the professional ranks were Charlie Vaughan, Phil Woosnam and Terry Dyson. Famous names among the club's managers include Jimmy Hill and Malcolm Allison both of whom had brief spells in the 1950's and the Committee Minutes record one "R. Greenwood" as being interviewed.

Sutton 1957/58 brought the Athenian Championship back to Sutton along with the London Senior Cup for its one and only time. The sixties provided the golden era and in 1962 Sutton reached the Amateur Cup Final, losing out to Wimbledon. That year they were elected to the Isthmian League and the Championship followed in 1967 and they were runners up in 1968. In 1969 they reached Wembley again this time to fall to North Shields at the last hurdle. National acclaim came in 1970 when after a F.A. Cup run Leeds United were the visitors and victors at Sutton.

Going further afield Sutton had success in the Anglo-Italian competition which they won in 1979 as well as finishing runners up in 1980. Season 1980/81, of course, saw Sutton reach the pinnacle of success in semi professional football when they appeared in the F.A. Trophy Final. They were defeated by the only goal of the game by Bishop's Stortford in the dying minutes to provide one of the shocks of the season.

In the League Sutton are seemingly always amongst the front runners and last season was no exception. They were well positioned for a final challenge for the Championship finally finishing in fourth position. They did excell once again in cup competition, claiming the Hitachi League Cup and the Surrey Senior Cup. Sutton United since 1977 have been led by Manager Barrie Williams a former player with Dartford Casuals, coached Barking and Bexley United and managed Ilford for a short spell.

#### Club Awards:

During the close season, Boro celebrated the championship in fine style with a dance and cabaret, an evening when the seasons awards were made. An evening devoted to football. The Supporters Player of the Season was a popular choice in club captain Harry Manoe winning the majority of the votes cast. The "Geoff Fitzpatrick Memorial Trophy" for the Vice Presidents Player of the Season went to George Duck. During the season George had completed one hundred goals for Boro and also four hundred in his non league career. Other awards included Young Player of the Season, Charlie Flaherty and the Youth Player of the Season, Robert Rendle. Awards were also made to successful team managers Mike Tomkys and Suburban boss Keith Chamberlin .

#### League Awards:

The annual League Presentation Dinner and Dance was held at the Grosvenor Hotel, Park Lane, on Saturday 2nd June. It was generally a disappointing night with the meal a poor standard, and the cabaret, Michael Barrymore, performing the same act as he did at Boro two years ago, failing to enliven the proceedings with his lack of new material. For the second year the awards were a rushed affair, and the final non event was the individual player awards being "presented" on bloc in a cardboard box. It would appear that since the occasion has become an expensive dinner and dance evening the main reason for the night has become shrouded in the social surroundings of guests and their ladies. It is doubtful if this years guest of honour Mr. Davidson, Northern Director of Littlewoods Pools had no more than a scant insight into the Isthmian Clubs. If he had it wasn't through the inclusion of Isthmian sides on the Football Pools. However, he was profusely grateful for his night in town.

#### Representative Honours:

During close season both Andy Pape and David Pearce were selected to represent the England Semi Professional side in Italy. Andy failed to get a game but no doubt will be in the fore front for honours again this season. Dave Pearce did gain a cap coming on as substitute against Italy.

#### Club News:

Having failed to agree terms, George Duck has been placed on the transfer list, and Boro await the outcome of a number of clubs showing interest. Another favourite unable to continue with his clubs duties is physio Andy McDade. Andy finds that his new employment gives little time to concentrate on the physio side and it is with regret he relinquishes his post.

# WHAT THE PAPERS SAY

## Hendon snap up Duck

GEORGE Duck, who has scored over 400 goals in Non League football, signed for Hendon on Tuesday night.

The move ended hopes that he could make a dramatic return to Alliance Premier League football with his former club Wealdstone.

Duck had talks with Wealdstone manager Brian Hall but was unable to agree terms.

Hendon are believed to have paid in the region of £2,000 for Duck.

He was put on the transfer list during the summer when his contract expired with Isthmian League champions Harrow Borough.

Duck, 35, next month, scored 103 goals in his three seasons with Boro.

Boro manager Mike Tomkys explained: "The time was right for a move both for George and our club. George has had three great years with us. He is a good player and a good man to have around."

Boro in fact agreed terms with neighbours Wealdstone for the same of the striker but for the sale of the striker but Hall was unable to meet the demands of Duck.

"It would have a new challenge for him to go back into the Alliance," added Tomkys.

Hall had lengthy talks with former Stones striker Duck but explained: "The club agreed terms but we could not agree terms with the player."

"I was certainly interested in Duck but we were not prepared to pay what he was asking. As a manager I have got a responsibility to the club and reluctantly I had to withdraw from the negotiations."

Boro, who admit they have a surplus of strikers, could also release Ronnie Nelson.

Enquires have been made about the striker who joined Boro last year but any moves will have to wait until the player returns from holiday.

## Chamberlin banks on youth

HARROW Boro's Reserve side will certainly have a young look about it next season. With a lot of last year's successful team having moved on, there are a number of new faces down at Earlsmead.

Jon Turner, a 17-year-old defender has joined following a year in Brentford's mid-week league side together with striker Tony Wood who was Yeading's leading scorer last season.

They join up with

Steve Goodwin, a northern lad who has recently moved into the area having played with Stafford Rangers in the Alliance and Raymond Newton, a young midfield player who has spent the last two years in the States after originally playing for Staines Town.

With 16-year-olds, Richard Malin, Mark Rice and Paul Ripley shaping up well in pre-season, Keith Chamberlin's side will have a

new look about it. Glen Tyler will captain the side with Alan Merison again assisting with the coaching.

The side were due to visit Shefford Town on Wednesday last and have attractive friendlies lined up at Thame Utd (7th), Didcot Town (11th), Berkhamsted Town (14th), CAV (18th) and Banbury United (20th). They kick-off the league season on the 25th with a visit to Woking.

## Non-League News:

Ken Knighton, new Dagenham Manager, has signed two former England captains, John Watson the Maidstone England non league captain and Barry Little, ex England youth captain who was previously with Charlton and Gillingham. The Watson deal involves an exchange with midfield man John Sille.

Harrow Boro Suburban League side stalwarts over the past few seasons, Timmy Vincent and Mark Brady have moved onto first team Isthmian League football at Ruislip Manor. Manor have been placed in the Southern Division of Isthmian League Division Two along with neighbours Uxbridge and Kingsbury Town. However, for reasons best known to the Isthmian Management Committee Harefield are in the Northern Division.

One club not pleased is Staines Town. They have been relegated from the Isthmian Premier Division for failing to achieve a 'B' grade for their ground. Tooting who were due for relegation are retained in their Premier place. Bromley took the drop and it is with some interest to await the visits to Barking and Billericay to see if it is still necessary for wellingtons to be worn for the winter evenings.

Northwood have appointed Barry Davies as their player coach for their first season in the London Spartan League. The experienced former Leatherhead and Southall defender replaces Peter Moran.

Some of the many managerial changes include Eddie Presland from Dulwich Hamlet to Hendon, whilst Billy Smith takes over the Dulwich job moving from Corinthian Casuals. Paul Bence the Wokingham coach takes over the Wycombe Wanderers hot seat. Managers Laurie Churchill, Carshalton, Roy Ruffell of Hendon and Dave Emerick of Billericay, are on the look out for new posts.

Hounslow Town are still smarting at their relegation from the Southern League into the Hellenic League, but still hope for Southern League survival as Bridgewater Town have folded.

Striker Steve Perrin returns to Hillingdon along with Alan Davies. Alan has been assistant manager with Wycombe Wanderers and now takes the same post at Hillingdon with Manager Alan Humpries. Perrin rejoins the club also from Wycombe. Hillingdon have received permission to move to the Uxbridge Athletics track at House Farm Hillingdon but only with a one year lease. Corinthian Casuals move to a permanent ground at Wimbledon Park has met with opposition from residents who are up in arms and are unhappy to accept a soccer team in their midst. If Casuals attract the normal Isthmian attendances locals have little worry that their Saturdays and evenings will be disturbed.
