Welcome to Church Road

Good Evening .

It is my pleasure to welcome you all to Church Road, the home of Whyteleafe Football Club for the Final of the Isthmian Football League Cup Competition sponsored by Robert Dyas Ltd a member company of The Ryman Group. We are delighted to be able to stage the match at this venue and our thanks go to the Directors of Whyteleafe for the use of their facilities.

A special welcome to representatives from our various sponsors this evening and the Ryman Group. A welcome also to the representatives of Macron our Match Ball and Bench Kit Sponsors together with the representatives from the Essex and Middlesex County Football Associations.

Tonight's Robert Dyas League Cup Final is an all Premier Division tie between Grays Athletic and Hendon. Grays Athletic won the competition in 1992 by beating Enfield 3-1 while Hendon's only success was in 1977 when they beat Barking 1-0.

The last meeting between the clubs was back in November when Hendon won 3-2 so they are well matched. The progress of the clubs to this stage of the competition also appears on page 14 of this programme for those of you who'd like to examine their records more closely.

If tonight's match is a draw after 90 minutes play, 30 minutes of extra-time will follow. In the event of a draw after extra-time, the tie will be decided on penalties. If spot kicks are needed, I hope that by then you will have enjoyed a great

contest.

I would also like to thank the match officials who are officiating this evening. In doing so they represent their colleagues who serve us so well during the season.

The Ryman League strongly supports the Football Association's Respect Programme that there should be a zero tolerance approach towards racism and all forms of discrimination. Accordingly, any form of discriminatory abuse, whether it is based on race or ethnicity, sexual orientation, gender, faith, age, ability or any other form of abuse will be reported to The Football Association for action.

Finally, thanks to all who support the Ryman League and our member clubs during the season and of course to everyone who is here for this evening's match.

Grays Athletic History

The roots of the modern day Grays Athletic can be traced back as far as 1888, although 1890 has become the de facto established formation date. The reasons for this disparity are almost certainly lost in the mists of time. Grays Athletic therefore celebrated their centenary in 1990, played at The Recreation Ground, Bridge Road from 1906 to 2010, and became members of the Athenian League in 1912. Grays became very strong after the Second World War, winning the Essex Senior Cup in 1945 and winning the Corinthian League and Cup in 1946. They rejoined the Athenian League in 1958 where they remained until 1983.

In 1981 the Club Patron Mr Ron Billings purchased the ground and the Club was reformed as a Limited Company in 1982 under the guidance of Jeff and Fred Saxton. In 1983 a fire destroyed the 400-seater stand which included the dressing and kit rooms. Ron Billings came to the rescue by building the Ball Court Complex which included dressing rooms, club room and bar. Grays went on to become Division 2 Champions in 1985. The 1987/88 season saw the club promoted to the then Vauxhall Opel Premier League after amassing 100 points. They then won the Essex Senior Cup and the Essex Thameside Trophy. A great FA Cup run in 1988/89 ended in the First Round proper, losing 2-0 away at Bath City. Grays won the League Cup, defeating Enfield in 1991/92.

In 1993/94 and 1994/95 the club won the Essex Senior Cup by defeating Billericay Town on both occasions. Relegated to Division One in 1997, they returned to the Premier Division in 1999/00. The FA Cup campaign in 2000/01 ended with defeat in the First Round proper for the third time, losing 4-0 away at Reading. This signalled the start of changes with Mike Woodward installed as Director of Football, Craig Edwards as Manager and the departure of Jeff and Fred Saxton after 30 years of loyal service.

Season 2002/03 started poorly and saw Edwards depart, being replaced by Mark Stimson as player manager who appointed Scott Barrett as his assistant. Ahead of the 2003/04 season, the club made the bold decision to turn most of the players into full time professionals, with the majority of players in their early twenties.

Despite being knocked out of the FA Cup in the second qualifying round, 2004/05 became the most successful in the club's history. Stimson and his players won a number of manager and player of the month awards, with three players being called into the England National XI squad: Stuart Thurgood, Mitchell Cole and Dennis Oli. The ultimate success being crowned League Champions of the Nationwide Conference South and winning the FA Trophy; beating Hucknall Town on penalties at Villa Park. Additionally, the Recreation Ground had been upgraded sufficiently to allow for promotion into the Nationwide Conference for season 2005/06.

Mark Stimson's philosophy of entertaining the crowds proved to be very successful with a blend of youthful exuberance and the outstanding quality of the more experienced players. Having equalled the Conference record of Kettering Town and going unbeaten in the first 15 fixtures of the season, both manager and players alike won several monthly awards. A contentious

3-0 defeat at the hands of Mansfield Town in the FA Cup was put to one side as the team turned their attention to the FA Trophy and the league. The club's first season in the top flight of non-league ended in disappointment as they finished 3rd in the league, and went on to lose 5-4 on aggregate to Halifax Town in the playoffs. The team put the loss behind them as they won a second successive FA Trophy, this time winning 2-0 against Woking at Upton Park in front of more than 8,000 of their own fans.

Following Mark Stimson's resignation, the club appointed former European Cup winner Frank Gray to manage the side in the summer of 2006. Despite the pre-season expectations, Gray only lasted 18 matches before both Jamie Stuart and Mick Woodward had short spells in charge of the first team. Andy King was appointed manager, but his spell was short-lived and he left shortly afterwards, taking control of just seven matches. Justin Edinburgh was the club's 4th manager of the season, and under his leadership the club reached the FA Trophy semi-finals where they lost to eventual winners Stevenage Borough. Survival in the league went to the last day of the season and despite losing 1-0 to Morecambe, the club stayed up courtesy of other results going their way.

An extremely indifferent 2007/08 campaign ultimately led to the Edinburgh's departure, before once again Mick Woodward took the reins with Gary Phillips as his assistant. With only three defeats in the final 17 games, Grays only ended 11 points outside the playoffs.

The management led the side into the following season, but Mick Woodward stepped down, and replaced himself with Wayne Burnett who stayed in the job for four months before leaving the club. Gary Phillips was promoted from assistant manager for the remainder of the season and the club finished in 19th position.

2009/10 turned out to be the fifth and final in the Conference Premier as both John Moncur (Chairman) and Andy Swallow (Chief Executive) joined the club. Julian Dicks was brought in to replace Gary Phillips in September 2009, and Kenny Brown was soon appointed his assistant after resigning from his position as manager of CD Javea in Spain.

The team struggled throughout the season, winning just five league matches, and losing in their opening rounds of both the FA Cup and FA Trophy. The Blues did however manage to end the season on a high, winning two of their final three fixtures – the first of those away at AFC Wimbledon. In doing so, they recorded their first away league win for 16 months.

The final day of the season was a sad affair for the club, as they said farewell to the Recreation Ground after 114 years. Both the team and the fans did their part, as the team came back to beat Forest Green Rovers 2-1 with Allseny Cissoko scoring the last goal at the ground. Following relegation from the Premier League, the club resigned from the Conference, deciding they would be unable to field a competitive team in the Conference South due to budget constraints. Following talks with both the

Grays Athletic History

FA and the Ryman League, the club were placed in the Ryman League Division One North.

The end of that season saw the expiry of the lease at the Recreation Ground, and without a home, the club agreed a two-year deal to play at Rookery Hill, home of near neighbours East Thurrock United. The 2011/12 season was our first at this level for ten years, and despite having a solid start to the league campaign, a lack of consistency was evident throughout the remainder of the season which meant the team came up short in several matches, finally finishing in tenth position. Following the disappointing campaign Julian Dicks and Kenny Brown left the club by mutual consent, and the one-time Football League player and ex-Thurrock manager Hakan Heyrettin was appointed as manager with his assistance Hassan Oktay. With Hakan appointed, the remit was to challenge for a playoff place, and despite a few below par performances, the club secured their playoff place on the penultimate weekend, meeting Enfield Town in the semi-final. Trailing 2-0 with ten minutes left, the team managed to force extra time with two late penalties. Unfortunately, with the match still level after extra time it was decided on penalties, with Grays losing 3-1.

The 2012/13 season was a successful one for the club. It started with a move to another temporary home, in Rush Green, Romford in partnership with West Ham United, the ground and its facilities were improved, with the Premier League side responsible for the maintenance of the pitch. With just 4 league defeats, and a run of form in the second half of the season which brought with it 18 successive league wins, the club won the league with three matches to spare, finishing with a club record of 102 points. Two days after the title was secured, the side had the chance to complete the double, however they fell just short in the Essex Senior Cup final, losing 2-1 to Conference South side AFC Hornchurch.

The summer of 2013 saw two big changes for the club in a few short weeks. The stay at Rush Green was brought to an abrupt end, with near-neighbours Aveley stepping in with an offer of a ground share at the last minute. Everyone at the club is grateful to the Aveley Board for this. A short time after it was announced that Hakan Heyrettin would be leaving to join Luton Town. Experienced central defender Ryan Kirby took on the role, assisted by his father Steve Kirby and club captain Lee Flynn. The club are still determined to find a permanent home within the next couple of years, as close as possible to the old stadium. We are working closely with Thurrock Council on their long term sports and leisure strategy as we strive to provide a new community-based facility that would be available to all residents in the area.

Season 2013/14 started with a great run of four straight victories including two against highly fancied teams and we led the League at the end of August. A solid start, but we all knew that to stay in that position would be a tough ask and so it proved, with only four wins in the next nine games. Joao

Carlos and Jack West were scoring freely but the team was leaking goals and by the end of September we were lying in mid-table. A return to the team of fans' favourite Danny Bunce lifted the spirits of the supporters but the results still kept slipping away. A run of only five wins from October to the end of February saw Grays slip towards the relegation zone and a run of postponements due to heavy rain saw the mood within the camp at a low ebb. Even a run to the semi-finals of the League Cup couldn't lift the gloom. Everything changed when prolific scorer Leroy Griffiths returned to the Club almost ten years since leaving. His enthusiasm and character changed the Club's fortunes and with several other new signings the team found their confidence and fought their way back up the table with wins at regular intervals with Carlos, Dagenham & Redbridge loanee Joel Nouble and new signing Chris Benjamin scoring plenty of goals.

It took until the middle of April to catch up with the fixture backlog and the team had to play two or even three games a week, within which time they settled into a mid-table position - very commendable when you consider players have jobs outside football. The last game of the season saw the team lying in a safe position with a trip to high-flying Maidstone. Two coach loads of supporters and many more going by car meant that 150 fans travelled to Kent to cheer on the Blues. Although we lost a competitive game 2-1 everybody enjoyed the trip and gave the players a standing ovation at the final whistle, a great tribute to the thirty-odd players who had pulled on the shirt for our first season back in the Ryman Premier League in 10 years. We are now in the close season but every fan is proud of the team's achievement after an uncertain period and we are looking forward to another season at Step 3 of the Non-League Pyramid.

By the time the players got together for their first training session for the 2014/15 season on 28 June, we already had another new manager in place. A few days earlier Ryan Kirby had announced his resignation with family and business reasons leading to his decision. It shows once again the time required to manage a Club at our level. The Club acted quickly to interview candidates for his replacement and selected 35 year-old Jody Brown, who had stepped into the breach at Heybridge Swifts in December 2013 when their management duo left to take over at Chelmsford City. Jody moved quickly to assess the strength of the squad at his disposal and introduce a number of new players to assist the club in its plans to improve on and off the field.

At the end of December 2014 Jody Brown departed to take over the manager's role at Conference National side Welling FC. Mark Bentley was installed as assistant manager to Andy Swallow, before taking over the role of caretaker manager in January 2015. In February 2015 the club announced that Mark had been appointed permanent manager for the remainder of the 2014/15 season.

He is equally at home at midfield and has very good aerial prowess; a real modern day right wingback who is developing year after year. During this current season, Sam was made captain of Leyton Orient's youth side and has made regular appearances for the reserve team, as well as featuring in a call up with the first team as a substitute. Meet the Officials

Referee – Wade Norcott

Wade started refereeing in Harlow, Essex on the Harlow and District Football League as a Level 7 between 1997 and 2003. He was then promoted to Level 6 between 2003 and 2004, officiating on Harlow and District Football League and Essex Senior League as an assistant referee. Wade was promoted to Level 4 in 2004 and officiated for one season on Isthmian Division Two, a season on the Essex Senior League as a referee and was on the National List of Assistant Referees Contributory Leagues. In 2006 he was promoted to Level 3 and spent the two years as an assistant referee on the Panel (Conference Premier) before being promoted to the Football League in 2008. Wade has other interests outside of football. He coaches and plays cricket for Harlow Town Cricket Club and enjoys watching American Football while following the St Louis Rams.

Assistant Referee - Michael Ryan

Michael qualified as a referee in 2008 and began his officiating career refereeing on the Worthing & District Football League. After securing successive promotions from 2010 to 2013 elevating from a Level 7 to a Level 4 match official, he has since officiated on the Sussex County Football League for the past two seasons. The highlights of his refereeing career to date have included representing the Football Association at three international youth tournaments in Europe. He is a keen supporter of his local Worthing RA and since joining in 2008 he now sits as a committee member assisting with its future sustainability. Apart from his work as an active match official, he also operates as a referee coach within the Sussex County FA Primary Development Group to assist with the development of young referees throughout Sussex. Aside from his refereeing, he works full-time as a College & Community Football Coordinator at the Sussex County Football Association. He also sits as a Regional Officer as part of The FA's National Game Youth Council assisting with the development of young people in London, Surrey, Middlesex, Sussex and Wiltshire. His aspirations as a referee are to one day operate in the Premier League and officiate the FA Cup Final.

Assistant Referee - Jamie Gilham

Jamie began his refereeing career in Hampshire in 2007 and was fortunate enough to be selected for the academy programme with Portsmouth FC which assisted him in his early years in developing as both a referee and assistant referee. His successful promotions to date have provided him with the opportunity of officiating as a Contributory League Assistant Referee whilst operating in the Sussex County Football League as a referee for the past two seasons. He has also been a member of the senior referee development groups for both Hampshire FA and Sussex FA. Following successful nominations by both his previous parent counties, he has been a proud member of the South East Regional Development Group (SERDG) for two years. That has provided him with a number of great experiences and significant opportunities with those at the top of the refereeing profession. His highlights this season have included being appointed to the third qualifying round in the FA Cup and the preliminary rounds of the FA Vase. Tonight's appointment to the Isthmian League Cup Final is the culmination of another successful and enjoyable campaign.

Harry qualified as a referee in March 1997 before climbing up through the ranks in Surrey and Leeds (whilst at university) before becoming a Contributory League Referee for the 2004/05 season. He has remained at that level since then but made good progress as an assistant referee since then making it onto the Conference, Football League and Premier League Assistant Referees lists in 2005/06, 2007/08 and 2012/13 respectively. In 2011/12 he was appointed as assistant referee to the League One Play-off Final. In 2013 he was appointed to the FA Trophy Final while in 2014 he was appointed as reserve assistant referee for the Capital One Cup Final and also acted as assistant referee on the FA Cup Semi-Final. At the start of the 2013/14 he was chosen to represent the FA for UEFA's Centre of Refereeing Excellence programme at their HQ in Geneva and at the start of the current season he was appointed to the Community Shield as reserve assistant referee.

Hendon FC History

Hendon are now into their fifth season under the ownership of its supporters, following their takeover of the club in the summer of 2010. This is the 52nd consecutive season that the club has played in the top division of the Isthmian League, having been members since the 1963-64 season.

Gary McCann and the squad are very keen to build on the very positive last two seasons where they have finished 10th and 7th respectively.

The club has an illustrious and proud history, and the club was formed in 1908, beginning its existence as Christchurch Hampstead. In the very first season, the club finished as Champions of the Finchley & District League Third Division. There was regular success in the early years, but not before the first of four name changes!

Ahead of the 1909-10 season, the club renamed itself as Hampstead Town, and immediately won the Second Division title, and the First Division title followed a year later. Further successes followed as the club entered sides in both the London and Middlesex Leagues, and on the back of this, the club was elected into the Athenian League in 1914, reaching the top end of the amateur game just 6 years into the club's existence.

Just 2 games were played in the 1914-15 season due to the outbreak of war, but in their eventual debut season in 1919-20, the club finished a highly creditable fourth. The club finished runners-up in 1929, 1933, 1948, 1949 and 1952, before eventually winning the title in 1953. Further titles followed in 1956 and 1961.

The second renaming of the club came in 1926, when the suffix Town was dropped and the club was simply called Hampstead, followed by a change of name to Golders Green in 1933. The final name change came in 1946 when the club became known as Hendon.

There was a previous club called Hendon that reached the quarter finals of the FA Cup in 1883, and in 1932 the old Hendon club met Hampstead in two friendlies, the second of which was to raise funds for the old Hendon club, which sadly ceased to exist a few years later.

In 1963, the club were accepted into the Isthmian League and this is where the club has stayed ever since, always playing in the top division. Success continued as they finished runners-up in their first season, followed by the first of two Championships a year later. A further title followed in 1973, with 1966 and 1974 seeing the club finish second. Indeed, in their first 11 seasons in the Isthmian League, Hendon never finished lower than 6th. Since the the club has had both good and bad seasons in the league, and in 2006 the club was reprieved from relegation due to Canvey Island taking a voluntary relegation of three levels from Conference National.

During the amateur era, the club reached the final of the FA Amateur Cup no less than 5 times, winning the final in 1960 (against Kingstonian), 1965 (against Whitley Bay) and 1972 (against Enfield) and losing in 1955 (against Bishop Auckland) and 1966 (against Wealdstone).

FA Cup success has been enjoyed by the club throughout its history. As well as 21 appearances in the first round (most recently at Aldershot Town in 2012), there have been 6 appearances in the second round (most recently in 1999-2000 at Blackpool) and one appearance in the third round in January 1974 which saw the Greens draw 1-1 at Newcastle United before losing the replay 4-0 at Vicarage Road (the home ground of Watford FC).

The club has also seen plenty of success in county cups, winning the Middlesex Senior Cup no less than 15 times out of 27 final appearances, as well as winning the Middlesex Charity Cup 14 times. The London Senior Cup has been won on four occasions, with a further 11 appearances as losing finalists.

The club moved into its famous Claremont Road ground in 1926, with the first game being an FA Cup tie against Berkhamstead Town that took place on 18th September with Hendon winning 4-3. The final game was played 82 years later, almost to the day, on 20th September 2008 when local rivals Wealdstone were the visitors, and the Stones ran out 4-1 winners.

Since leaving Claremont Road, the club spent four years groundsharing with Wembley FC, and from the beginning of the 2013/14 season are now groundsharing at Harrow Borough's Earlsmead ground, where the club has been made very welcome.

The club have relaunched their youth section this season, with 15 sides taking the field, and the hope is that over the coming years some of these youngsters will progress into the first team.

Plans are in place for the club to move to Silver Jubilee Park in Kingsbury, the former home of Kingsbury Town, where a FIFA accredited all weather pitch was installed and certified in October 2014. The plan is for the club to move in once the ground has been brought up to the required standard. The intention is for this to become the club's new permanent home and it will be shared with the recently reformed Edgware Town. Assuming all the necessary work is done, the club hope to be at Silver Jubilee Park within the next two years.

Did you know that

- 100,000 watched Hendon against northern giants Bishop Auckland in the 1955 Amateur Cup Final at Wembley.
- Following an invitation from the F.A. to test the system Hendon were the first club to play under floodlights at Wembley Stadium.
- In the early 1950s, Hendon became the first team in Britain to win a floodlit cup tie when they won a London Challenge Cup match against Arsenal at Highbury.
- Hendon won on all of their last three visits to Highbury, probably a unique record (the other two came in the 1964/65 season when Arsenal were beaten 4-3 in a London Challenge Cup tie after the Gunners were 3-0 ahead and Finchley were downed 4-1 in an FA Amateur Cup semi-final.
- The club's original colours were blue. In 1997/98 when Hendon ditched their now traditional green and brought back the original blue there was a huge outcry by supporters and the green was duly restored two seasons later!
- England's three highest capped Amateur Internationals since the war were all Hendon players. Rod Haider (65 caps), John Swannell (61) and Mike Pinner (52) lead the way with Peter Deadman (40) and Laurie Topp (32) making it 5 Hendon players in the top ten of England cap winners.
- Hendon have progressed through the round in which they entered the FA Cup in each of the last 29 seasons. The last defeat in their opening round came in 1985 at the hands of Ruislip Manor.
- Leon Smith equalled an 89 year old club record when he scored in 8 consecutive games during the 2014-15 season. The record was set by Oscar Reinke in 1925. Leon is only the fourth player in the club's history to score in 7 or more consecutive games, and the first post-war player to score in 6 in a row.
